CONSTRUCTION OR REMODELING OF A FOOD FACILITY

The Food Safety Division of the Allegheny County Health Department sets requirements for the construction and remodeling of all food facilities in Allegheny County (in addition to the Building Code requirements enforced by Findlay Township). ACHD Rules & Regulations requires that properly prepared plans must be submitted to the Health Department and approved **prior to construction. Please note that the ACHD permit is required in addition to the Findlay Township Building Permit.** For more information about Allegheny County Permit Requirements, contact;
